REYMSA
COOLING TOWERS

Holy Cross
Hospital

The image shows a close-up of two large, white, rectangular REYMSA HRFG Series cooling towers. The towers are mounted on a metal frame and have a prominent horizontal pipe running across the top. The REYMSA logo is visible on the side of each tower. In the background, a multi-story hospital building is visible under a clear sky. An inset image in the top right corner shows a wider view of the Holy Cross Hospital building with several cars parked in front. The Holy Cross Hospital logo is positioned in the bottom right corner of the main image.

REYMSA
COOLING TOWERS

LSFG SERIES
MT. Graham Regional Medical Center
- AZ, US. / 509 TONS

The image displays a large industrial cooling tower installation at the MT. Graham Regional Medical Center. The main focus is on a large, white, rectangular REYMSA LSFG Series cooling tower with three cylindrical fans on top. The tower is situated on a raised platform with a metal walkway and railings. In the background, there are mountains under a clear blue sky. A large, leafy tree is in the foreground on the right. An inset image in the bottom left corner shows the entrance to the MT. Graham Regional Medical Center, featuring a sign with the hospital's name and a logo. The REYMSA logo is also present in the bottom left corner of the main image.
